

New Partnership Announcement

Mease Life Selects Unidine as its Strategic Dining Partner

FLORIDA, May 2020 -

Mease Life announced its new partnership with Unidine Corporation, a leading provider of food and dining management services. This decision is part of Mease Life's strategic plan to provide the best quality of dining offerings and hospitality for its residents to connect, grow and thrive.

Mease Life is a not-for-profit Life Plan Community in Dunedin, Florida. It was founded in 1961 by Dr. John Mease whose goal was to create an inclusive community in the Clearwater area where aging adults could unburden themselves from the responsibilities of homeownership. Their facilities are equipped with a lounge, wellness center, putting green, walking path, library, salon and an almost complete renovation of the Aquatic Center. Mease Life's mission is to create impeccable resident service and care, with purpose and passion to improve the lives of those they serve.

Under this new partnership Unidine will work in tandem with Mease Life to enhance the resident experience through fresh from-scratch cooking, diverse menus and culinary expertise. Unidine was strategically chosen due to their proven ability to meet financial commitments and deliver heightened hospitality.

Through the added support of an experienced dining partner, Mease Life plans to elevate menu offerings with Unidine's experienced culinary teams, improve customer service by implementing Unidine's Diamond Service training and enhance quality with a pledge to fresh food and ingredients.

“The word ‘Life’ shows that the community is about much more than care. It is also about living your life to the fullest, to get out and move and engage in exciting activities, within this community, the external community of Dunedin, and beyond.”

Kent McRae,
Chief Executive Officer at Mease Life

About Unidine

With operations in over 400 facilities, Unidine Corporation is a leading provider of food and dining management services for clients throughout the United States. Founded in 2001 and led by CEO Richard B. Schenkel Unidine's success is derived from consistent execution in four key areas: an exclusive focus on food and dining management services; a commitment to scratch cooking with fresh, seasonal, responsibly sourced ingredients; exceptional customer service; and a corporate culture enlivened by each team member's passion for culinary and service excellence.
