Recovery Centers of America announced it's expanding its partnership with Unidine Corporation, a leading provider of food and dining management services with its newest location in Indiana. Recovery Centers *of* America

Working alongside the Unidine team over the past few years has been wonderful. The Unidine team brings passion and enthusiasm to all they do, and each team member, from line staff to leadership, make it a point to know the patients by name and meet their individual needs. They are frequently the ones that our patients mention when completing their satisfaction surveys upon discharge, further highlighting the impact that they have had on each patient during their treatment stay. They are always eager to improve and have created a number of positive initiatives that have brought our patient activities and meals to the next level. We are extremely grateful to our Unidine team!
