## Retirement Housing Foundation Selects Unidine as its Strategic Dining Partner

California, October 2020 -

Retirement Housing Foundation (RHF) announced its new partnership with Unidine Corporation, the leading provider of food and dining management services. This decision to outsource dining expertise in seventeen locations is part of RHF's strategic plan to enhance their fresh food options and create consistent satisfaction across their portfolio of communities. Unidine's fresh food pledge and high quality programming are uniquely structured to capture that need.

Retirement Housing Foundation is a non-profit organization with over 198 communities across 29 states with locations spanning from Puerto Rico to The U.S. Virgin Islands. RHF serves over twenty thousand aging Americans with expertise in affordable housing and disabilities care. RHF's close relationship with The United Church of Christ has allowed RHF to expand into one of the largest organizations devoted to building and preserving the most vulnerable members of society since its founding in 1961. Their mission is rooted in maintaining quality of life, physical and mental health and spirituality for aging adults.

Through this new partnership Unidine will work hand-in-hand with RHF to bolster the resident experience with both diverse menus and fresh-from scratch offerings --delivered with service excellence and heightened hospitality. The added support of Unidine's expert culinarians and dietitians ensures key resident satisfaction and customer experience indexes are consistently being met.
