

New Partnership Announcement

Monte Vista Grove Homes Selects Unidine as its Strategic Dining Partner

CALIFORNIA, August 2021 -

Monte Vista Grove Homes (MVGH) has announced a partnership with Unidine Corporation, a leading provider of food and dining management services. Together, Unidine and MVGH will provide a holistic dining experience to residents, taking advantage of emerging opportunities and working shoulder to shoulder.

The Synod of California of the Presbyterian Church founded Monte Vista Grove Homes in 1924 to house retired ministers and missionaries. Today, the residents of this vibrant and diverse Christ-centered community in Pasadena include former church workers and their spouses, as well as members of the general public. MVGH offers four levels of care: independent living, assisted living, memory care and skilled nursing. Residents enjoy an enviable climate and the fragrance of the citrus groves that give the community its name. Famed architect Myron Hunt, who designed the nearby Rose Bowl, laid out the historic campus.

As Monte Vista Grove Homes' 100-year anniversary approaches, leaders have begun to envision their next century of operation and what the future holds. MVGH sought a true long-term partner who will work with them to meet residents' changing needs. In Unidine, they have found that strategic partner.

Unidine will collaborate with MVGH's architect and design team to support an ambitious remodel of the dining room and the construction of a new outdoor space that will enable residents to take advantage of the glorious Southern California weather to dine outdoors. Unidine will invest in MVGH's existing staff, offering service skill training to enhance hospitality and boost retention. Chef-created menus, enlivened by Unidine's Fresh Food Pledge and diverse programming, will satisfy the adventurous palates of residents who once traveled the world as missionaries.

About Unidine

Unidine operates in over 400 facilities and is the leading provider of food and dining management services for discerning clients throughout the United States. Since its founding in 2001 by President and CEO Richard B. Schenkel, Unidine's success derives from consistent execution in four key areas – and exclusive focus on food and dining management services, a commitment to seasonal, fresh-from-scratch cooking, exceptional customer service and a corporate culture enlivened by each team member's passion for culinary and service excellence. Unidine's network of dietitians and culinarians leverage the latest research to support cultural enrichment and wellness strategies for senior living communities, and also exceptional service for hospitals, behavioral health facilities and corporations.
