# New Partnership Announcement

## Fairview Life Plan Community Selects Unidine as its Strategic Dining Partner

CONNECTICUT, October 2021

Fairview Life Plan Community has announced a partnership with Unidine Corporation, a leading provider of food and dining management services. Unidine will work to entertain and nourish Fairview residents with nutritionally balanced meals made from scratch, served with signature hospitality.

Located on the water in Groton, Connecticut, Fairview has a long history and an excellent reputation. This nonprofit provider of housing and healthcare for seniors was founded over 125 years ago by the Connecticut Independent Order of Odd Fellows Grand Lodge, and still operates in accordance with the principles of friendship, love and truth. Today, Fairview offers the convenience of maintenance-free independent living, with rehabilitation and skilled nursing options available as needs change. Its knowledgeable and attentive staff work to provide a dignified environment and enhanced quality of life for all. Fairview makes the most of its coastal location, with indoor common areas that offer abundant natural light and beautiful water views. Residents also enjoy an expanded therapy center and a café on campus.

With the support of an experienced dining partner, Fairview will be able to deliver an upscale dining experience that will delight residents, keeping pace with trends as this forward-looking community grows. Unidine, a pioneer of fresh-from-scratch menuing in the senior living industry, brings to bear 20 years of culinary expertise and artistry. Together, Fairview and Unidine will feature a full-time executive chef and will open Grille 92 as an additional dining option for residents. Tech-enabled online ordering will provide convenience for residents who wish to dine at home. And all meals will be served with enhanced hospitality, thanks to Unidine's Diamond Service skill development program for team members.

WE SAW AN OPPORTUNITY TO IMPROVE THE DINING EXPERIENCE FOR ALL INDIVIDUALS ON OUR CAMPUS THROUGH THIS PARTNERSHIP WITH UNIDINE. CUSTOMER SATISFACTION AND INPUT WILL DRIVE THIS PROCESS FORWARD.
