

New Partnership Announcement

Wise Health Selects Unidine as its Strategic Dining Partner

Texas, November 2022 -

Wise Health has announced its new partnership with Unidine, the leading food and dining management service provider. Specializing in rural and community healthcare settings, Unidine will deliver strategic initiatives and efficiencies to elevate the dining program to the next level and increase patient and employee satisfaction.

Located in one of the nation's fastest-growing metropolitan regions, Wise Health provides a community-oriented approach centered on compassionate and innovative care to communities in Decatur, Fort Worth, Argyle, TX and the surrounding areas. Wise Health is committed to leading growth and development through a comprehensive network of services, meeting patients' current and future needs and delivering quality healthcare services.

Similar to Unidine's philosophy of one-size-fits-one hospitality, Wise Health's approach is guided by specialized and individualized care, innovation and technology. Unidine and Wise Health will work in tandem to create operational efficiencies to reduce costs as well as renovate and refresh current spaces to improve the dining experience for team members and guests. Unidine's expert team of culinarians and dietitians will reinvigorate menu offerings to incorporate greater variety and support wellness initiatives with the use of fresh ingredients and scratch cooking.

To support one of the largest employers in Wise County, Unidine will integrate a tailored hospitality-centric approach to employee training and development, reinforcing employee engagement and retention. With Unidine's high level of attention, responsiveness and distinctive service, Wise Health can continue to provide excellent care – "transforming lives through better health and extraordinary outcomes."

About Unidine

Operating over 100 hospitals across the United States, Unidine is the leading food and dining management service. Since 2001, Unidine's success derives from consistent execution in four key areas - an exclusive focus on food and dining management services, a commitment to scratch cooking with fresh, seasonal, responsibly sourced ingredients, exceptional customer service and a corporate culture enlivened by each team members' passion for culinary and service excellence. Unidine's network of nutritionists and culinarians leverage the latest research to support cultural enrichment and wellness strategies for hospitals across the country. Unidine specializes in providing the necessary resources to those in the rural, community and independent healthcare space. For more information, visit www.unidine.com.
